

The Red Flash

Dear Customers,

just before summer vacations we would like to inform you with our Red Flash, what was going on in the last months at Hermann. We were „on Tour“ and got a lot of new impressions and ideas.

Zdravoochranenie from 28.11. until 02.12.2005 in Moskau, Russia

Since the first edition of Zdravoochranenie in the year 1974 has been established as the biggest and most successful healthcare event in Russia. Well known national and international companies of the medical industry presented their products.

The tendency is growing: more than 800 exhibitors and approximately 18.000 visitors made this exhibition to a real interesting exchange of experiences.

Hans Hermann GmbH, Medizintechnik, Württemberger Str. 26, 78567 Fridingen,

 **The Red Flash**

Belarusmedica from 21st until 24th of February 2006 in Minsk, Belarus

After 12 successful years since it was held for the 1st time, the Belarus Medica / Belarus Dent remains the largest exhibition of its kind in the country, while its high reputation has been acknowledged by both, foreign and domestic manufacturers of medical products.

An interesting and successful exhibition for Hermann Medizintechnik.

Congrès Coelio Chirurgie from 24th until 25th of March in Lyon, France

A congress that was specially focused on Laparoscopy / Coelioscopy. A lot of recitations were hold and were good attraction for specialized staff, such as doctors and nurses.

The exhibition of national and international companies was giving a lot of qualified information.

Furthermore Hermann Medizintechnik itself is expanding continuously.

Since the 1st of January 2006 our subsidiary Hermann Vertriebs GmbH was established in Neuhausen, Switzerland.

The always proved and highest precision quality of the products and an excellent, qualified service are our first aim, as well in Switzerland!

Hermann - always one step ahead!

Rheinfall  Switzerland

Topic of the month:

Endoscopic Units and Electrosurgery

The „Hermann Endoscopic Units“ which are presented since 2005 in our new design, distinguish themselves through newest technologies and excellent functionalities.

You can be sure, that our equipment is made according to the highest safety requirements. The safety of the patient is having with us highest priority!

In our range „**Electrosurgery**“ you can find all the Accessories needed for the HF-Units, starting with cables up to Standard electrodes.

For both product lines we do have a Hermann catalogue. If you still haven't received them, please ask for it today:
